LIVING IN PARIS.

The mode of living in "apartments" Paris is thus particularly described in a let-

ter to the N. Y. Herald: In Paris, all buildings for dwellings, are divided into apartments, and sometimes subdivided into rooms, as convenience may require. An apartment occupies one entire etage, or story in English. It embraces salons our drawing rooms; salle manager our dining room; enterne our kitchen; chambres a coucher-sleeping chambers; added to these water closets and every other convenience for housekeeping. All these rooms are completely furnished with every convenience for a family. The first story of the building is called rezede-chausse, and is occupied as a store, shop. &c; the second story is called entre sol, and is generally occupied by the owner, or some one who pays a cheap rentit is a lownr story, generally not more than eight feet high; the third story is here called the first-le premier-and is furnished the most expensively, has the highest rooms and pays highest rent; the next is the segond, the next, the troiseme; the next, the quatrieme; and the next, the cinquieme, corresponding with our words second, third fourth and fifth, each etag, or story paying a less price, accordidg to the number above the premier A grand flight of stairs ascending to the highest story, connected with the front door by a spacious entry or hall, and by the side of this entry, or just behind the stairs, is small room for the concierge, who is an important persenage id every such building. She lets the apartments; tends the door; opens and shuts it for every person who passes in or out; lights the entry and stairway; sees every person who passes up and down the stairway; answers every inquiry as to the occupants of the building, receives, pays for and delivers all letters, papers and other messages, goes of errands. buys provisions if desired, on does the duties of a femme dechambre, or any other service which a family may require, and all for a very small compensation. One dollar in Paris for such services, will go further than twenty dollars in London, and the service will be better and more politely done. The entry and stairway are always furnished and lighted, and the concierge provided at the expense of the building; but for any services beyond this the occupant, called locataire, pays the concierge. If one is out at the theatre, bal masque, or soiree, he always finds the concierge ready to answer the bell, and the entry lighted. She opens the door by means of a spring lock and cord extending to her room, which she pulls without leaving her bed. No one, therefore, now enters the house without her knowledge, and without her taking a look of him, to see who he or she is. Many persons who desire to spend years, or parts of years, as do the English in great numbers, hire an apartment and furnish it in their own way; in such case they obtain an apartment for one half the price of a well furnished apartment. When a locaturie hires a furnished apartment an exact account is taken of the state and condition of the furniture (called here meubles) in writing; and for every injury not therein described, the locataiere pays at the termination of his lease-here called loyer. Rents are paid monthly and in advance; and the law gives an owner a lien upon all the baggage, &c. of the locatiere for always so the payment of every sum due under the lease. Apartments of all prices can be hired and all are remarkably convenient, tastefully fitted up, and most genteelly furnished. It is a delightful mode of living for those whose sojourn is not of a permanent character, especially so, and for all it is generally preferred and adopted to any other. It is delightful to have every room and convenience upon the

Amidst the froth a bubble, that covers the great ocean of modern fugitive poety, there is now and then a pearl cast ap. We find the following in Frazer's Magazine, ascribed to "the late John Sterling." Many a pompous octave has contained less thought than these few lines:

In presenting the public with a remedy for the treatment and cure of Feven AND Agric and other bilious diseases, in a pology is needed. Vast numbers in the United States, who suffer from these affections in their variet forms, are compelled to seek relief from other sources than the imme-diate presentations of the resources than the imme-

17 From Hon. STEPHEN V. R. TROWBEIDGE, of Michisan State Senate, to the Agent at Detroit. BIRMINGHAM, OAKLAND Co., Dec. 13, 1811. Sir—you wish me to inform you what I know of Dr. Osgood's India Cholagogue, or anti-bilious medicine. I do believe that if the virtue and efficacy of this medicine were generally known, the FEVER AND AGUE would disappear in Michigan.

generally known, the FEVER AND AGUE would disappear in Michigan.

I procured a bottle in the spring of 1811, and have good reason to believe that myself and family escaped the ague last season in consequence of its use.

Perhaps in no summer since the settlement of this fine peninsula, has the fever and ague been so prevalent as the last. I have recommended this medicine in numerous instances, and when the disease had become fixed and buffled the skill of physicians; and I have never known it fail. I has universally produced the most happy effects, and I bet lieve it has never been exceeded by any medicine in removing the billous diseases of the climate.

Yours, respectfully.

STEPHEN V. R. TROWBRIDGE. Agent for Sunbury—H. B. MASSER; Northumberland, WITHINGTOM & Co.; Milton, J. H. RASER; Schizz-grove, MAY & KLOSE. May 6, 1818—15.

M'ALLISTER'S THE ENDING THE PERSON

The power to cause all EXTERNAL SORES, SCROFULOUS humors, SKIN DISBASES, POISONOUS WOUNDS to discharge their putrid matters, and then heals them.

It is richly termed All-bealing, for there is scare-

In Scrofula, Old Sores, Erysepelas, Tetter Lirer Complaint, Sore Eyes, Quinsy, Sore Throat, Bronchitis, Broken or Sore Breast, Piles, all Chest Diseases, such as Asihma. Oppressions, Pain— Also, Sore Lips, Chapped Hands, Tumors. Chil-dren's Cutaneous Eruptions, Nervous Diseases, and of the Spine, there is no medicine now known

SCALD HEAD.—We have cured cases that actually defied every thing known, as well as the ability of 15 or 20 doctors. One men told us he had spent \$300 on his children without any benefit, when a few boxes of Contment curid them.

BALDNESS —It will restore the hair sooner han any other thing.
HEADACHE—The salve has cured persons

of the headache of 12 years' standing, and who had it regular every week, so that vomiting often took place. Dearness, Ean Acue, and Acue in THE FACE, are cured by this Ointment with like

RURNS.-It is one of the best things in the world for Burns. (Read the directions around the box.) RHEUMATISM.—It removes almost immediately the inflamation and swelling when the pain ceases. (Read the Directions around the Box.)

COLD FEET. - Consumption, Liver Comhair, one or the other always accompanies cold feet. (This Ointment is the true remedy.) It is sure sign of disease to have cold feet.

TETTER.—There is nothing better for the

cure of Tetter.
PILES.—Thousands are yearly cured by this Ointment. CCRNS.—Occasional use of the Ointment will

always keep Coms from growing. People need never be troubled with them if they will use it.

Read the following Communication.

Received from an old, respected and well known citizen of Philadalphia, and then judge for your

Philadelphia, 10 mo., 13th, 1846. To T. B. Peterson,—Having been requested to give my opinion on the merits of M'ALLIS TER'S SALVE, I am willing to enumerate some of the benefits which I have experienced in the use of the article.

In the spring of 1845, I had an attack of Erysipelas in my face which became very painful, and extended into one of my eyes, being attended with fever, my distress was great and I began to be fearful of losing my eye.

Although not much of a believer in what is

commonly called quack medicines, I purchased a box and made an application to my face. To my surprise the pain soon abated, and in a week's time it was entirely cured, and I firmly believe that it was the salve, under Providence that cured me. From that time to the present, I have used the article as occasion required, and in every case where I have used it. I have found a decided benefit.

At one time, on going to bed at night, my throat was so sore that I swallowed with difficulty, but by an application of the salve I was relieved before

I have used it in case of burns, bruises, sprains, end flesh cuts, all with the happiest effects, and one case of poisoning by a wild vine in the woods, has been dried up and cured by a few applications. From my own experience, I would strongly re-omnend it to all, as a cheap, convenient, family medicine

I have become so partial to it, that I expect to keep it constantly in my family. Though not ambitious to appear in print, vet I cannot refuse to have this communication made public if judged best to serve the couse of humani-Respectfully thine. WM ADAMS

DR. SWEETSDR'S AEDATA

THIS Medicine is warrented, on oath, not to contain a particle of Calomel, Corrosive Sub-limate, Arzenic, Chloride of Gold, or any delete-

The principle upon which this Medicine acts, is by assisting and harmonising with nature; it drives out all foul acrimonious humors from the blood and body, and by assimilating with and strengthening the gestric juice of the stomach, is assists digestion; in short there is not a vain, arte ry, muscle or nerve in the human body, that is not strengthened by the PANACEA, and it alor possesses the remarkable property of removing mercury from the hones and joints.

FOR ERUPTIONS OF THE SKIN, Scurvy, Scorbuic Affections, Tumors, Scrafula or Kings' Evir, White Swellings, Erysipelas, Ulcers, Cancers, Running Sores, Scabs and Biles, time and a determined perseverance in D. SWEET-SER'S PANACEA, will effect a cure.

FOR INDIGESTION. Rejection of food, Nauses, Vomitings, Nervous affections, Billious complaints, Head ache, Paleness, or Female Irregularities, Dr. SWEETSER'S PANACEA will soon effect a cure; but if obstinate, or attended with griping, flying pains, the dose should be increased, and the cure will soon be effected. Let not the patients frighten themselves with the less that they much with the idea that they are too weak to take muc medicine; but bear in mind that this mildly opera ting med cine put not weakness into the frame, but most certainly draws weakness out, leaves strength in its place, and by giving composed sleep at night, and an appetite to relish any food, re-animates the whole frame with vigorous action, clearing the mind and improving the sight,

SCROFULA AND GLANDULAR AFFEC-

TIONS,
Scrofula is said to be heriditary, the infant receiving from its parents the seeds of this disease, which increases with its years, if neglected and not submitted to frequent purification with Dr. SWEETSER'S PANACEA. The glands are placed in the corners of the body, and out of the way of direct communication; their real use is a subject on which much difference of opinion prevails; it suffices us to know that when in a diseased state. they are capable of being purified and cleansed by a long course of Dr. SWEETSER'S PANA-CEA, which restores them to sound and proper action. Scrofulous persons can never pay too much attention to their blood, its purification should be their first thought, for after a long course of perse-verance, they will ever cure hereditary disease.

In cases of JAUNDICE, ASTHMA, LIVER COMPLAINTS, TIC DOLOREUX, RHEU MATISM OR RHEUMATIC GOUT, Dr. SWEET'SER'S PANACEA cannot be too high ly extolled; it searches out the very root of the disease, and by removing it from the Blood makes a cure certain and permanent. For diseases of the Bladder and Kidneys, Stric-

tures, Gravel, Stone, Piles, Fistula, Urinary Ob-structions and Extreme Costiveness Dr. SWEET-SER'S PANCEA is the best remedy ever tred; it removes all those acrimonious humors from the Blood which give rise to the above diseases, and by keeping the blood in a pure condition, insures

For DROPSY, FALLING OF THE BOWELS. Impurities of the Blood, Mercurial Taint, Weak-ness of the Spine Flow of Blood to the Head Giddiness, Singing and Buzzing Noise in the Head and Ears, Dr. SWEETSER'S PANACEA will give certain relief; in all severe and chronic cases, the patients cannot be too often reminded that larger doses and perseverance will effect a cure.
In Chills and Fevers, Bilions Fevers, Affection

of the Eyes and Ears, Spongy and Bleeding Gums Bronchitis and recent Coughs and Colds, Dr. SWEETSER'S PANACEA will be found

GRAVEL AND URINARY COMPLAINTS Those complaints are generally attended with ver cured by the present mode of treatment; they usually accompany the patient 1 the grave, after suffering the most excruciating pain and torture. The cause of these complain's are the same as all others, the dross of the blood becomes encrusted on the finest narrow passages, whence are morbid secretions and stoppages of urine. You will find the most powerful diuretics of no use, as they only increase the quantity of urine and do not purify with Dr. SWEETSER'S PANACEA, you re move the cause of the disease, consequently it can-not exist any longer, after sufficient perseverance in its use has deprived the blood and body of all acrimonious humors and incrustation.

DISEASES OF THE LUNGS\_CONSUMPTION This is a very prevalent and fatal disease; it re-CHARLES and PRATT Streets. Baltimore, up. sults mostly from neglected coughs, colds and bronchitis, also from improper treatment in many of er cases, such as measles, fevers, inflammati us and small pox, and a host of other badly treated diseases. where the cause, instead of having been thoroughly removed from the blood and body, have only been palliated or removed from one part to break out in another. By divesting your lodies of all foul humors, through the medium of Dr. SWEETSER'S PANACEA, the cure is at once rendered certain and permanent. Recollect, while there is acrimo nious humors floating in the circu'ation, it is as apt to settle on the lungs as any other part of the body this is the reason that consumption is so prevalent.

BILES, SORES AND ULCERS, Which you see on the exterior, come from and have their source in, the interior, and might just a well have settled on your lungs, liver, or any other part; which we know they frequently de, and produce most violent inflammatory disorders. The humor which occasions these sores is of a highly acrimonions burning nature. We know it from the pain it gives in forming, and afterwards its rapidly u'cerating and corroding the flesh and skin of the part where it breaks out. This shows the necessity of frequently purifying the blood with Dr. SWEETSER'S PANACEA, and keeping such malignant humors in subjection. Should you have a bile or ulcer, be thankful that nature has taken trouble to warn you of the danger your life and ho dy is in, for it is a warning that the blood is foul. Had this same acrimony selected the lungs in-tend of the surface of your body for its seat, consumption of the lungs would have been the consequence. D-lay not then, to purify and cleanse with Dr. Sweetser's Panacea.

SPINE DISEASE Spinal affections, inlargement of the banes and joints, white swellings, hip joint complaint, ruptures, falling of the bowels and women disease, will find a speedy oure in Dr. SWEETSER'S PANACEA. Where the disease has been of long standing, the time required to make a cure will be longer; but the patient may rest assured that a determined perseverance will effect it.

BRONCHITIS, ASTRMA AND DISEASE OF THE WINDPIPE. These diseases proceed from the seriosity of corrupt humors of the blood, having a tried itself or

the threat and lungs, and stopped them up, so that they cannot draw sufficient air in for respiration Dr. SWEETSER'S PANACEA will give imme diate relief, and to make the cure perfect and cer tain, it should be continued some time after, to free the system of all bad humors.

RHEUMATISM, RHEUMATIC GOUT AND MERCURIAL DISEASES

Find a safe and speedy cure in Dr. SWEET. blood ves-el and artery, and driving out all impu-rities and foul humors accumu'ated therein, which s the cause of theumatism, gout and swellings of the joints. The deleterous effects of calomel and other mineral poisons, readily yield to its sovereign influence; indeed, when its valuable properties he come fully known, the use of all mineral poison will be consigned to 'the tomb of all the Capuleta,' and only be thought of as a by-gone custom of the darker ages. Dr. Sweetser's Panaces is also a sure cure for dyspepsis, piles, costiveness, vertigo, headache, pain in the breast and liver complaint.

FEVER AND AGUE. Fover is always caused by a disorderly move-ment of the blood, struggling to fice itself of some-thing that encumbers it; in fact, every kind of fe-ver is nothing more than a struggle between the blood and corrupt humors, and as soon as the cor-

rupt humors are expelled, you have no more fever.
When a patient with fever submits to be bled, or have his blood poisoned with mercury, it weekens his frame to such a degree, that if he survives the process, it alw sys leaves him subject to distressing chills, when 9 times out of 10 he resorts to sque pills powders, or tonic mixtures; this ingoing from bad to worse, as these vegetable pills, powders, de, are nothing but mercury and quinine in diagules, which may for a time drive the disease so far into which may for a time drive the disease so far into the body as not to be perceptible, but very a son is will break out again with fearful violence. To cure ague and fever, the cause of the disease must be removed out of the blood and bedy, which can be effectually done by using Dr. SWEETSER'S PANACEA, which purifies, cleaness and strengthens. It contains nothing that can possibly injure, and its use is always a safeguard against chills and fevers.

PILES.

In ALL CASES OF PELES, Dr. SWEETSER'S
PANACEA will effect a very speedy cure. It removes from the blood, stomach and bowels, all
those foul serid burning humors, which are the
cause of Piles and Costiveness, and by strengthen
ing the digestive organs, improves every part of the FLATULENCY AND WIND.

These diseases are caused by the stomach and bowels being choked up with viscid slimy matter the air which enters them cannot escape until force by some contraction of the stomach to expert it hence the cause of pain. A few doses of Dr SWEETSER'S PANACEA will convince the sufferer that relief is attained

GREAT MEDICINE FOR CHILDREN. GREAT MEDICINE FOR CHILDREN.

Parents will find the PANACEA a valueble medicine for their children, keeping their bodies in a healthy condition, thereby assisting their growth children or grown persons, after taking it, are no liable to be attacked with an epidemic as before, a it always leaves the blood in a pure condition, anthe entire system in a strengthened state; it drive out all kinds of weakness from the body and leave

all healthy within.

MARRIED LADIES

Will find Dr. SWETSER'S PANACEA a med. one purely adapted to their use. Most ladies during the period of pregnancy are afflicted with pile. Dr. Sweetser's Panacea, by regulating the bowel will entirely obviate this, and its purifying proper ties on the blood and fluids, insures to them heat thy off-pring. No one who is a mother should be without it, and those who are nursing will find of great benefit to the health of their infants.

For barrenness and all diseases of the womb, is without a rival in the enire history and catalogu of medicines; by its extraordinary strengthenin power, it stimulates and strengthens the womb, weakness of which is the cause of failure to hav offspring. NERVOUS DISEASES.

Under this head may be classed Palpitation of the Heatt, T.c Doloreaux or Facuache, Neuralgia Indigestion, Toothache, Melancholy, Hysterics, an in fact, every disease caused by the sharp, biting acrimonious humors irritating the nerves; if nerves receive the morbid impression from the -tmach, or rather from the blood through the agenc of the stomach and dige-tive organs, and althoug other parts of the body are apparently the sent ; the disease, still it is caused by the mortid impresion conveyed from the blood by the nerves, to the part. A few doses of Dr. SWEETSER'S PA NACEA will soon assure the patient that he ha

ERYSIPELAS, OR ST. ANTHONY'S FIRE This is an inflammatory disorder, always attened with more or less pain. It proceeds from it foul, acrimonious humors lodged in the blood an fluids, settling on the hm's and face, causing er treme pain and fevers; all apple ations on the su freme pain and fevers; all apple ations on the su-face are worse than useless, as they only tend to throw the disease in some other part, and perha-cause death. Bleeding is likewise improper. It cure the disease you must get rid of the cause; or ly manage to get the foul humors out of your bloo-and you will be well in a day. Dr. SWEET SER'S PANACEA, a thorough purifier of the blood, will gracehout every important bloo!, will starch out every impurity in the moremote p ris of the body and expel it through th medium of the box els. There is not a vein, artry, muscle or organ of the entire framework man, that Dr. Sweetser's Panacea does not in prove. To take it when you are well is to kee

wel; and when sick to become well.

DR. SWEETSER'S PANACEA, beingcom posed only of a vegetable matter, or medical nerb and warranted, on oath, as containing not one pa ticle of mercurial, mineral, or chimical substr is found to be perfectly harmless to the most tend age, or the weakest frame, under any stage of h man suffering; the most pleasant and benign in ? o, eration that was ever off red to the world; an the same time the most certain in searching or he root of any complain', however deep, and a

PANACRA THE ONLY RADICAL CURE FOR

CONSUMPTION! ofula or King's Evil, Rheumatism, Obstinate Cuton ruptions, Pimples or Pestules on the face, Blotch Bles, Chronic Sore Eyes, Ring Worm or Tetter, Scald Head, Enlargement and Pain of the Boues and joints, Stubborn Ulcers, Syphilitie Symptoms, Seintice or Lumbago, diseases arising from an injudicious use of Mescury, Dropsy, Exposure or Imprudence in life; also, Chronic Constitutional Discorders.

futional Disorders.

In this medicine several innocent but very potent articles
of the vegatable kingdom are united, forming a compound
entirely different in its character and properties from any
other preparation, and unrivalled in its operation on the
system when laboring under disease. It should be in the
hands of every person, who, by business, or general course
of life, is predisposed to the very many alliments that render life a curse, unstead of a blessing, and so often result in
death.

FOR SCROPULA. Gr. Drake's Panaers is recommended as a certain remedy Not one instance of its failure has ever occurred when free by used? It cures the disease and at the same time impart vigor to the whole system. Scrofulous persons can never pay too much attention to the state of their blood. Its purification should be their first aim; for perseverance will accomplish a cure of EVEN HEREDITARY disease.

FOR ERUPTIONS OF THE SKIN. curvy, Scorbutic Affections, Tumors, White Swellin rysipelas, Ulcers, Cancers, Running Sores, Scalas na-ides, Dr. Drake's Panacca cannot be too highly extolled searches out the very root of the disease, and permanen

INDIGESTION OR DYSPEPSIA. No medicine perhaps has ever been discovered which gives so much tone to the stomach and causes the secre-tion of a healthy gastric juice to decompose the food as Dr. Drake's Panacea

RHUEMATISM.

RHC-EMATISM.

Dr. Drake's Panacea is used with the greatest success in Rheumatic Complaints, especially such as chronic. It cures by driving out all impurities and food humours which have accumulated in the system, which are the cause of Rheumatism, Gout, and Swellings of the joints. Other remedies sometimes give temporary relief; this entirely eradicates the disease from the system, even when the limbs and bones are dreadfully swollen.

CONSUMPTION. CONSUMPTION.

Consumption can be cured.—Coughs, Catarrh, Brouchitts, Spitting of Blood, Asthma, Difficult or profuse Expectoration, Hectic Flush, Night Sweats, Pain in the sale &c. have been cured, and can be with as much certainty as any other disease. A specific has long been sought for, but in vain until the discovery of Dr. Drake's Prancea, It is mild and safe but certain and efficutious in its operation, and cannot possibly injure the most delicate constitution. We would carnestly recommend those afficied to give it a trial—and we believe they will not have occasion to regret it. The system is cleaned and strengthened, the ulcers on the lungs are healed, and the patients granlually regain their usual health and strength. Read the following:

the lungs are healed, and the patients gradually regain their usual health and strength. Read the following:

TESTIMONY.

Prilla, Dec. 14th, 1847.

Dear Sir:—In reply to your question respecting the use of Dr. Drake's Panacea, I will say, that although a perfect disbeliever in the existence of a Panacea, or cure for all diseases, however valuable it may be in certain conditions of the system, still I have believed that a cure for Consumption would be discovered sooner or later, and curtosity led me to try your medicine in two very investrate cases. They were promounced by the attending physicians to be pellowork consumptions. They were promounced by the attending physicians to be pellowork consumptions at a curtosity led me to try your medicine in two very investrate cases. They were promounced by the as in crassific of the persons had been under the treatment of several very able practitioners for a number of years, and they said she had "old fashioned Consumption combine with Scrotula," and that she might linger for some time but could not be permanently relieved. In both cases the effect of the Panacea has been most gratifying. Only four or five bottles were used by one of the persons before she began to improve rapidly. The other took about ten. I will only additual familiar as I am with consumption by inheritance and by extensive observation as a study, and knowing also the inquirous effects in nine cases out of ten of fur, boneset, and other vegetable tonics, as well as of many of the expectorants and sebattices, I should never have recommended by our most popular and scientific physicians, and in their present combined state, form probably the best attentive that has ever been made. The curte is in accordance with a theory of Communition by note extension in France a few years ago, by one of her most eminent writers on medicine, and new established by facts which admit of no dispute.

Very Respectfully Yours, L. C. GUNN.

init of no dispute.

Very Respectfully Yours, L. C. GUNN. To use the language of another, "Dr. Drake's Panacea in dways solutary in its effects—never injurious. It is not as always salutary in its effects—never injurious. It is not as Opiate—it is not and Expectorant. It is not intended to fail the invalid into a fatal security. It is a great remedy—a grand healing and courtive c anyound, the great mad only remedy which medical science and skill has yet produced for the treatment of this latherto uncompared malady. And no person afflicted with this dread disease, will be just to himself and his friends, if he go down to the grave without testing its virtues. A single bottle, in most cases, will produce a favorable change in the condition of any patient, however low."

TO THE LADIES. Ladies of pale complexion and communities habits, an such as are debitated by those obstructions which female is liable to, are restored by the use of a bottle or two, the down vigor. It is by far the best remedy ever discovere for weakly children, and such as lawe had humors; bein pleasant, they take it. It immediately restores the appetite strength and color.

Nothing can be more surprising than its invigorating elements.

strength and color.

Nothing can be more surprising than its invigorating effects on the human frame. Persons, all weakness and lased by the concierge. Why not adopt this fects on the human frame. Persons, all weakness and las-situde before taking it, at once become robust and full of energy under its influence. It immediate counteracts the nervelessness of the female frame.

CAUTION.—Be coreful and see that you get the gennme Dr. Drake's Panacea—it has the signature of Gro. P.
Storms on the wrapper—and also the name "Dr. Drake's
Panacea, Phila." blown in the glass.

FIRE AND THIEF PROOF CHESTS, TRE-PROOF DOORS FOR BANKS AND STORES Seal and Letter-Copying Presses, Patent Slate-Lined Refrigerators, Water Filters, Patent Portable Water Clo-

sets, intended for the Sick and Infirm. EVANS & WATSON. 76 South Third Street,

OPPOSITE THE PHILADELPHIA EXCHANGE. Manufacture and keep constant by on hand, a large assertment of the above articles, together with their Patent Improved Salamander FIRE-PROOF SAFES, which are so constructed as to set at rest all manner of doubt as to their

all manner of doubt as to their being strictly fire-proof, and that they will resist the fire of any building. The outside cases of these Safes are made of boiler iron, the inside case of suppartione, and between the outer case and inner case is a space of some three inches thick, and is filled in with indestructible material, so as to make it an impossibility to burn any of the contents inside of this Chest. These Soupitone Salamanders we are prepared and do challenge the world to produce any article in the shape of Book Safes that will stand as much heat, and we hold curvelves ready at all times to have them fairly tested by public bonfire. We also continue to manufacture a large and general assortment of our Premium Air-tight Fire Proof Safes of which there are over 800 now in use, and in every instance they have given entire satisfaction to the purchasers—of which we will refer the public to a few gentlemen who have them muse.

we will refer the public to a few gentlemen who have them m use

DETROIT, Oct. 21, 1840.

Decror Charles Oscoop.

Den Sir,—I have read with much interest, your little Transfirst upon the "causes, treatment and care" of the febrile diseases which have so extensively prevailed in our country during the last few months—an interest increased no doubt, by the fact that I have individually suffered as much from them. Though I feel myself very incompetent to judge safely upon a subject so entirely professional, yet your theory seems to me well reasoned, and your conclusional just, and I think withal, that your pumphlet is calculated to produce much practical good.

Speaking of the medicine he says:—It fully justified your flattering expectations, and as a safe, convenient, and popular remedy, my own experience, so far, induces me to believe that it will prove a great public benefit. I am pleased to learn that you have recently established several agencies for its disposition—though I regret that, with a view to a more general dissemination of it, you should have found it necessary to remove from your present residence among us.

With much respect I have the honor to be, sir,
Your obliged servant,
WILLIAM WOODBRIDGE.
